Eg. Spring Tide = Mar.21 – June 21

Best time to begin things.

# How to Cast a Spell

The Negative Will – Why?

Deep down in himself, he did not believe he could make it work.

= Negative Will.

Thus, he cast a spell making it not work.

Relaxation, meditation, breathing, and the Pentagram Ritual help break down that barrier.

Magic works in the direction of your belief, not the direction of your intention.

Let Us Examine two ways to get \$50:

Normal way to get \$50

Y 1) Desire (for \$50)

H 2) Belief (you can get it: job, beg, steal)

V 3) Action (get job, steal, etc.) emphasis is here on V and H(final)

H 4) Reaction (get payment) action, reaction.

Magical way to get \$50

Y 1) Desire (for \$50) emphasis on Desire and Belief

H 2) Belief (your spell will work)

V 3) Action (working of spell)

H 4) Reaction (money comes, no care where or how)

In Magic, the sequence is the same as the normal method, but emphasis is different.

“Enflame Thyself With Prayer” – Chaldean Oracles.

1. Desire – Must be stoked to white heat for it is the drive.

2. Belief – Strain for absolute inner certainty that you cannot fail.

You are the Ocean of Power!

# Casting the Spell

1. Relaxation
2. Four-Fold Breath
3. Pentagram Ritual
4. Middle Pillar & Circulation of Light
5. All at once:
  - a. Become aware of aura
  - b. Vibrate name of planet (6 or 12 times)
  - c. Feel aura full of, and throbbing with color of planet
  - d. Visualize desired reaction(s)

Before beginning ritual, state “Magical Intention.” This directs your ritual.

After Middle Pillar, state your desire clearly, and visualize your aura glowing brilliantly in the color of the desire.

Vibrate divine names of the corresponding sephirah and see it glow brighter until your whole aura is glowing.

Vibrate names the number of the sephirah times, or a multiple thereof.

Visualize what you want clearly as already accomplished, and seal it with “SO MOTE IT BE!” then close with reverse Qabalistic Cross.
